

Sick Headache.

Migraine and Extreme Nervousness.

EVER since I was eighteen years old until I learned of Dr. Miles' Restorative Remedies, I suffered from sick headache and extreme nervousness and dyspepsia. In time time disease developed. I was treated by several doctors with no relief. Severe palpitation with pain in left breast, shortness of breath, and smothering spells made me most miserable. I procured Dr. Miles' Restorative Nervine and New Heart Cure and took them alternately as directed. Improvement began at once and increased so rapidly that inside of six months I increased thirty six pounds in weight. All pain in the heart is gone, and the nervousness has wholly left me.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.

Postmaster: GENERAL WILSON has been elected president of Washington and Lee University.

Down of the lobbyists can be spared from the legislative halls in the event they have any business of their own to attend to.

The condition of the streets in many parts of the city to-day give evidence of needed improvements that should be made before another year.

Governor Mount and Hon. A. J. Beveridge addressed the Marquette club at Chicago last night. Both did credit to themselves and to Indiana.

The statement of Judge Baker concerning the Indianapolis street railway combination is rather severe, yet he will be applauded by a majority of the people who know the situation.

The democrats in the house of representatives are pretending just now to be great friends of the colored people. Their votes in the legislature, however, will not entirely obliterate their past record.

The new prospective secretary of the treasury is the author of a translation of the Aeneid in blank verse. Probably all the other members of the cabinet wrote poetry in their youth, or tried to.

The democrats in the legislature are striving for as much glory as possible during the present session. They would better take more interest in the welfare of the people and think less of political glory.

Senator Brown, of Utah, says that state will soon return to its natural place in the republican party. At any rate, the people there are sick of Bryanism, and opposed to a war on property.

The collapse of the steel rail pool continues to excite great interest. The Carnegies are said to be ready for a sharp contest. In the east it is thought the quotation of \$17 a ton made at Chicago can not last.

The X-ray is now used with entire success to find foreign bodies deeply imbedded in the eye. A large piece of steel was thus located in a Philadelphia case, and removed by applying a magnet in exactly the right manner.

There is now in Indiana more of an educational trust than is needed. The chief result of the Geeting educational bill would be to add to the power of this trust. The people know this and are therefore opposed to its passage. Trends are unpopular with the masses, and none should be more so than an educational trust.

The legislature would do well to take such steps as may be deemed necessary to permit the use of voting machines. It seems to be only a question of time when the voting machine shall have come into general use.

In congratulating itself the Evening News, "the only," says that the "citizens appreciate and respect a newspaper that can not be bought." Those are very kind words, indeed, our esteemed contemporary speaks of self, such as no one else might have thought to express.

The claim is made that California does not deserve a cabinet place because it gave McKinley 1890 majority. As the democrats and populists there combined in 1894 had more votes by 50,000 than the republicans, it should be conceded that any republican majority in California in 1896 amounted to a brilliant victory.

Ir Hon. Chauncey M. Depew really wants to go as United States ambassador to Great Britain the American people will not object. He is generally popular, a good American and a good talker, and while he would say pleasant things to the Englishmen he would not "slop over." If it should come to any serious work the doctor would probably be equal to it.—Journal.

The election of Thos. J. Clark to the office of city treasurer to succeed W. G. Reynolds, resigned, meets the general approval of the people. He has served the city in previous years, one term as treasurer, and three terms as city clerk, and proved himself an efficient and accommodating official. He takes the office again no stranger to its duties. He is now getting his bond ready and will take charge of the office in a few days.

Prof. Shuteck says: "Eat fruit for breakfast. Eat fruit for luncheon. Avoid pastry. Shun muffins and crumpets and buttered toast. Eat wholemeal bread. Decline potatoes if they are served more than once a day. Do not drink tea or coffee. Walk four miles every day. Take a bath every day. Wash the face every night in warm water and sleep eight hours. You will never need nerve medicine."

Elder Hammond will preach at the Christian church at the usual hours Sunday morning and evening.

A glorious revival is in progress at the Christian church at Ewing under the leadership of Elder Addison of Bedford.

Elder G. M. Shatts, of Ewing, having arrived recovered from a severe sickness, went this morning to Charlotteville to preach to-morrow.

Rev. Herbert Brewer, B. D., pastor of the Columbus, Ind., A. M. E. church, will conduct the Allens day anniversary service at the A. M. E. church in this city to-morrow.

Rev. William M. Collins, pastor of the A. M. E. church of this city, returned from Columbus this forenoon where he has been assisting in a series of meetings.

Rev. W. W. Smith returned to his home at Greensburg this morning after two weeks faithful preaching at the Baptist church. He has endeared himself to the people here very much during his brief stay.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75c. per bottle. Hall's Family Pills are the best.

LEGISLATIVE DOINGS

Few Bills Passed and a Number on Second Reading Advanced.

JONES' COLORED SCHOOL BILL.

After Long Discussion It Is Recommended. Short Railroad Bill Was Ordered Enacted by the House—Senate Passes the Bill to Increase Salaries and Maintenance at the Soldiers' Home.

INDIANAPOLIS, Feb. 13.—The morning session in the house was occupied with the colored school question Friday and the lobbies and galleries were jammed with colored citizens, but they were defeated by their failure to understand. Jones, the author of the bill, had agreed with Mr. Nicholson the night before to a substitute bill but later he attended a meeting of the Heracles club and after the adoption of resolutions there endorsing the bill in its original form he had changed his mind. Mr. Nicholson, however, moved to recommit the bill, which was on third reading. The motion was carried by a vote of 45 to 48.

Later in the day Mr. Elkhorn made a point of order against the ruling of the speaker, who decided the point well taken because other business had intervened. Bills on second reading were then taken up and the house ordered the engrossment of the senate measuring wheat and the one requiring railroads to make connections with and accept freight from short roads. Effort was made to amend the bill making it roads of 50 miles but they were voted down. The dog tax bill came up on second reading and numerous amendments were offered but only one or two got through.

The senate passed the bill to increase the salaries of the commandant and adjutant of the State Soldiers' home and to increase the maintenance fund from a per capita of \$10 per month to \$12.50. It also passed bills requiring township trustees to file their annual statements with the auditor; providing for certain improvements in the supreme court library; appropriating \$5,000 for a statue of Morton in the capital at Washington. The senate then took up bills on second reading. Among them the house cigarette bill and struck out the cigar and tobacco features.

JONES' BILL.

Nicholson's Substitute For Colored School Children Measure.

INDIANAPOLIS, Feb. 13.—Below is the substitute offered for Jones' bill to compel the admission of colored children to the white schools of Indiana. Mr. Nicholson moved in the house Friday to recommit the bill with instructions to amend as follows:

Section 3. The trustee or trustees of such township, town or city may organize the colored children into separate schools of the township, town or city, having all the rights, privileges and advantages of all other schools of the township, town or city. Provided, That in case there may not be provided separate schools for the colored children, then such colored children shall be allowed to attend the public schools with white children; Provided further, That no colored children shall be required to attend any such colored school outside of the school district where such colored children reside; and, Provided further, That when any child attending such colored school, shall, in examination produce the certificate of his or her teacher to the trustee or trustees of any township, town or city, showing that he or she has made sufficient advancement to entitle him or her to be placed in a higher grade than that afforded by such colored school, then such trustee or trustees of any township, town or city shall admit such colored children to enter the schools provided for white children of a higher grade; and children of all colored parents and children of all colored parents and children of all colored parents shall be entitled to the same rights and privileges in the public schools of the state as are afforded therein to the children of white parents, and there shall be no discrimination made against or preference shown to any child on account of his or her color, but every child shall have equal educational facilities, regardless of color.

Southern Prison.

INDIANAPOLIS, Feb. 13.—The senate committee on prisons Friday submitted its report on the southern prison. It recommends the purchase of an electric light plant, the erection of a new hospital, a new heating apparatus, a new chapel, reconstruction of the cellhouses and better ventilation and commendations Warden Hert's management.

WHI REPORT Favorably.

INDIANAPOLIS, Feb. 13.—The senate judiciary committee Friday decided to report favorably Senator Early's bill to allow street railway companies to take advantage of the Barrett law in paying for street improvements.

WHAT IS PAINE'S CELERY COMPOUND?

Paine's celery compound is the one remedy that can be trusted to make a person well.

It stops the drain on the nervous system; dispels harmful humors from the blood, and increases its volume and its nourishing capacity.

Its ability to relieve those ailments that seem to be peculiarly the misfortune of women is overwhelmingly proved by the many testimonials from women of the highest standing in the communities where they live.

Its regulating power does away with "that disheartened feeling."

The aggravated causes of disordered

liver and kidneys, mental depression, hysteria and kindred troubles, are recognized and dealt with by Paine's celery compound, in a radical and scientific manner that embodies the most advanced medical ideas of this last decade of the century.

Paine's celery compound strengthens the stomach when it is irritable and inclined to indigestion, and prevents dyspepsia; it relieves palpitation of the heart that results from irregular nerve supply to that vital organ, and puts new life into the entire nervous system.

Persons in sound health are not continually reminded of their heart, stomach or liver by distress in those organs.

Whenever languor or pain attack the body there is no question as to the urgent need of strengthening and restoring the health by Paine's celery compound. Women in trying occupations; not only housewives, but saleswomen, teachers, book-keepers and others panned up for long hours behind desks and counters will find their health and strength greatly improved by the use of Paine's celery compound.

A soundly nourished nervous system and a rich, pure blood supply brought about by Paine's celery compound are the best bulwark against such diseases of debility and impoverishment as rheumatism, neuralgia, headaches and sleeplessness.

This great invigorator not only cures these diseases; but by building up the system prevents their gaining a lodgment in the body.

When one hears it confidently declared by so many well known and representative men and women everywhere that Paine's celery compound positively and permanently cures diseases that at first glance seem to remove from each other as chronic constipation, hysteria and nervousness, inquiry into these diseases shows that their common origin is a run down, exhausted nervous system and vitiated blood, and Paine's celery compound builds up the one and purifies and strengthens the other.

School House la Ashes.

Friday afternoon the Cobb school house building took fire and was burned to the ground. The fire is supposed to have originated in the attic. The pupils and teacher, Miss Edna Scanlon, barely had time to escape from the house. The house had no fastenings on the doors and every night a large number of tramps sought refuge in the building and would fill up the stove with coal and run a big fire all night.

NEW TREASURER

Selected by Council at Special Meeting Last Night.

The city council met in special session last night at 7 o'clock to elect a treasurer to succeed W. G. Reynolds, resigned.

In the absence of the mayor, Clerk McKinney called the meeting to order and Councilman Goodale was chosen mayor pro tem. In taking the chair he stated that the meeting was for the specific purpose of electing a city treasurer.

Councilman Bargioli placed in nomination Thomas J. Clark, who had been agreed upon by the republicans in the afternoon. No other nominations were made.

The vote was taken by ballot which showed nine votes for Clark. Councilman Thompson had not yet arrived when the vote was taken. Having received the votes of all the councilmen present the chair declared T. J. Clark elected treasurer of the city of Seymour.

The council engaged for a short time in an informal talk of the bond to be filed by the treasurer-elect. From the Clerk of the Circuit Court.

FERNANDINA, Fla., Feb. 28, 1896.

Mr. J. GEORGE SUMNER, Druggist, City.

Dear George.—Please send for a bottle of Chamberlain's Cough Remedy.

I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test

and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient although I use it freely. Any

cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.

Yours Respectfully, Geo. E. WOLFE.

Spotters.

"Spotters" are said to be at work on the Louisville division of the Pennsylvania lines. How long they have been riding on that division is not known. The officials of the road say they have no knowledge of "spotters" having been employed, but it is understood that they were put on by orders from Pittsburg, and no one except the officers knew of it.

Mr. Ward L. Smith, of Fredericktown, Mo., was troubled with chronic diarrhoea for over thirty years. He has become fully satisfied that it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and its continued use cured him. For sale by C. W. Milhous, Druggist.

Sunday Trains.

The National Farmers' Congress recently in session in Indianapolis, in which several from Jackson county took part, passed the following resolutions:

Whereas, the congress did itself the honor to place itself on record at its session at Parkersburg, W. Va., two years ago, as being in favor of Sunday observance, by voting almost unanimously in favor of giving Sunday rest to our faithful railroad men, therefore be it

Resolved, at this time, that we as a National Congress of Farmers, reaffirm that position and in this manner throw the weight of our influence towards arousing a public sentiment that will eventually do away with Sunday trains not actually necessary.

The bill introduced by Senator Schneck a few days ago is in harmony with the above resolutions.

Sick Headache.

Migraine and Extreme Nervousness.

EVER since I was eighteen years old until I learned of Dr. Miles' Restorative Remedies, I suffered from sick headache and extreme nervousness and dyspepsia. In time heart disease developed. I was treated by several doctors with no relief. Severe palpitation with pain in left breast, shortness of breath, and smothering spells made me most miserable. I procured Dr. Miles' Restorative Nervine and New Heart Cure and took them alternately as directed. Improvement began at once and increased so rapidly that inside of six months I increased thirty six pounds in weight. All pain in the heart is gone, and the nervousness has wholly left me. Mrs. CHAS. KNAPP, W. German St., Little Falls, N. Y., Nov. 7, '96. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle useless or money refunded. Entered at the post office at Seymour, Indiana, as second-class matter.

POSTMASTER GENERAL WILSON has been elected president of Washington and Lee University.

Some of the lobbyists can be spared from the legislative halls in the event they have any business of their own to attend to.

The condition of the streets in many parts of the city to-day give evidence of needed improvements that should be made before another year.

Governor Mount and Hon. A. J. Beveridge addressed the Marquette club at Chicago last night. Both did credit to themselves and to Indiana.

The statement of Judge Baker concerning the Indianapolis street railway combination is rather severe, yet he will be applauded by a majority of the people who know the situation.

The democrats in the house of representatives are pretending just now to be great friends of the colored people. Their votes in the legislature, however, will not entirely obliterate their past record.

The new prospective secretary of the treasury is the author of a translation of the Aeneid in blank verse. Probably all the other members of the cabinet wrote poetry in their youth, or tried to.

The democrats in the legislature are striving for as much glory as possible during the present session. They would better take more interest in the welfare of the people and think less of political glory.

Senator Brown, of Utah, says that state will soon return to its natural place in the republican party. At any rate, the people there are sick of Bryanism, and opposed to a war on property.

The collapse of the steel rail pool continues to excite great interest. The Carnegies are said to be ready for a sharp contest. In the east it is thought the quotation of \$17 a ton made at Chicago can not last.

The X ray is now used with entire success to find foreign bodies deeply imbedded in the eye. A large piece of steel was thus located in a Philadelphia case, and removed by applying a magnet in exactly the right manner.

There is now in Indiana more of an educational trust than is needed. The chief result of the meeting educational bill would be to add to the power of this trust. The people know this and are therefore opposed to its passage. Trusts are unpopular with the masses, and none should be more so than an educational trust.

The legislature would do well to take such steps as may be deemed necessary to permit the use of voting machines. It seems to be only a question of time when the voting machine shall have come into general use.

In congratulating itself the Evening News, "the only," says that the "citizens appreciate and respect a newspaper that can not be bought." Those are very kind words, indeed, our esteemed contemporary speaks of self, such as no one else might have thought to express.

The claim is made that California does not deserve a cabinet place because it gave McKinley but 1890 majority. As the democrats and populists there combined in 1894 had more votes by 50,000 than the republicans, it should be conceded that any republic can majority in California in 1896 amounted to a brilliant victory.

Ir Hon. Chauncey M. Depew really wants to go as United States ambassador to Great Britain the American people will not object. He is generally popular, a good American and a good talker, and while he would say pleasant things to the Englishmen he would not "slop over." If it should come to any serious work the doctor would probably be equal to it.—Journal.

The election of Thos. J. Clark to the office of city treasurer to succeed W. G. Reynolds, resigned, meets the general approval of the people. He has served the city in previous years, one term as treasurer, and three terms as city clerk, and proved himself an efficient and accommodating official. He takes the office again no stranger to its duties. He is now getting his bond ready and will take charge of the office in a few days.

Prof. Shuetts says: "Eat fruit for breakfast. Eat fruit for luncheon. Avoid pastry. Shun muffins and crumpets and buttered toast. Eat wholemeal bread. Decline potatoes if they are served more than once a day. Do not drink tea or coffee. Walk four miles every day. Take a bath every day. Wash the face every night in warm water and sleep eight hours. You will never need nerve medicine."

Elder Hammond will preach at the Christian church at the usual hours Sunday morning and evening.

A glorious revival is in progress at the Christian church at Ewing under the leadership of Elder Addison of Bedford.

Elder G. M. Shuts, of Ewing, having obtained recovered from a severe sickness, went this morning to Charlotteville to preach to-morrow.

Rev. Herbert Brewer, B. D., pastor of the Columbus, Ind., A. M. E. church, will conduct the Allens Day anniversary service at the A. M. E. church in this city to-morrow.

Rev. William M. Collins, pastor of the A. M. E. church of this city, returned from Columbus this forenoon where he has been assisting in a series of meetings.

Rev. W. W. Smith returned to his home at Greensburg this morning after two weeks faithful preaching at the Baptist church. He has endeared himself to the people here very much during his brief stay.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. LEGISLATIVE DOINGS

Few Bills Passed and a Number on Second Reading Advanced.

JONES' COLORED SCHOOL BILL.

After Long Discussion It Is Recommended. Short Railroad Bill Was Ordered Enacted by the House—Senate Passes the Bill to Increase Salaries and Maintenance at the Soldiers' Home.

INDIANAPOLIS, Feb. 13.—The morning session in the house was occupied with the colored school question Friday and the lobbies and galleries were jammed with colored citizens, but they were defeated by their failure to understand. Jones, the author of the bill, had agreed with Mr. Nicholson the night before to a substitute bill but later he attended a meeting of the Herculean club and after the adoption of resolutions there indorsing the bill in its original form he had changed his mind. Mr. Nicholson, however, moved to recommit the bill, which was on third reading. The motion was carried by a vote of 45 to 48.

Later in the day Mr. Elkhorn made a point of order against the ruling of the speaker, who denied the point not well taken because other business had intervened. Bills on second reading were then taken up and the house ordered the engrossment of the senate bill measuring wheat and the one requiring railroads to make connections with and accept freight from short roads. Effort was made to amend the bill making it roads of 50 miles but they were voted down. The dog tag bill came up on second reading and numerous amendments were offered but only one or two got through.

The senate passed the bill to increase the salaries of the commandant and adjutant of the State Soldiers' home and to increase the maintenance fund from a per capita of \$10 per month to \$12.50. It also passed bills requiring township trustees to file their annual statements with the auditor; providing for certain improvements in the supreme court library; appropriating \$5,000 for a statue of Morton in the capitol at Washington. The senate then took up bills on second reading. Among them the house cigarette bill and struck out the cigar and tobacco features.

JONES' BILL.

Nicholson's Substitute For Colored School Children Measure.

INDIANAPOLIS, Feb. 13.—Below is the substitute offered for Jones' bill to compel the admission of colored children to the white schools of Indiana. Mr. Nicholson moved in the house Friday to recommit the bill with instructions to amend as follows:

That section three (3) of the above entitled act, the same being section 449 of the Revised Statutes of 1881, be and the same is hereby amended to read as follows: Section 3. The trustee or trustees of such township, town or city may organize the colored children into separate schools of the township, town or city, having all the rights, privileges and advantages of all other schools of the township, town or city. Provided, That in case there may not be provided separate schools for the colored children, then such colored children shall be allowed to attend the public schools with white children; Provided further, That no colored children shall be required to attend any such school outside of the school district where such colored children reside; and, Provided further, That when any child attending such colored school, shall, in examination produce the certificate of his or her teacher to the trustee or trustees of such township, town or city, showing that he or she has made sufficient advancement to entitle him or her to be placed in a higher grade than that afforded by such colored school, then such trustee or trustees of such township, town or city shall admit such colored children to enter the schools provided for white children of a like grade; and all colored children of such township, town or city shall have the same rights and privileges in the public schools of the state as are afforded therein to the children of white parents, and there shall be no discrimination made against or preference shown to any child on account of his or her color, but every child shall have equal educational facilities, regardless of color.

Southern Prison.

INDIANAPOLIS, Feb. 13.—The senate committee on prisons Friday submitted its report on the southern prison. It recommends the purchase of a new electric light plant, the erection of a new hospital, a new heating apparatus, a new chapel, reconstruction of the cellhouses and better ventilation and commends Warden Hart's management.

Will Report Favorably.

INDIANAPOLIS, Feb. 13.—The senate judiciary committee Friday decided to report favorably Senator Early's bill to allow street railway companies to take advantage of the Barrett law in paying for street improvements.

WHAT IS PAINE'S CELERY COMPOUND?

Paine's celery compound is the one remedy that can be trusted to make a person well. It stops the drain on the nervous system, dispels harmful humors from the blood, and increases its volume and its nourishing capacity.

Its ability to relieve those ailments that seem to be peculiarly the misfortune of women is overwhelmingly proved by the many testimonials from women of the highest standing in the communities where they live.

Its regulating power does away with "that disheartened feeling."

The aggravated causes of disordered

liver and kidneys, mental depression, hysteria and kindred troubles, are recognized and dealt with by Paine's celery compound, in a radical and scientific manner that embodies the most advanced medical ideas of this last decade of the century.

Paine's celery compound strengthens the stomach when it is irritable and inclined to indigestion, and prevents dyspepsia; it relieves palpitation of the heart that results from irregular nerve supply to that vital organ, and puts new life into the entire nervous system.

Persons in sound health are not continually reminded of their heart, stomach or liver by distress in those organs.

Many persons have asked in the last
few days what per cent is made by pur-

If the land is redeemed inside of six
months, 10 per cent is charged; if re-

a year, 15 per cent is added; if per-
mitted to run longer than twelve months
and redeemed before two years after the
sale, 25 per cent is added. If not
redeemed in two years a tax title is
made to the purchaser, who to get a
good deed must sue to quiet the title.

School House Is Ashes.
Friday afternoon the Cobb school
house building took fire and was burned
to the ground. The fire is supposed to
have originated in the attic. The pup-
ils and teacher, Miss Edna Scanlon,
barely had time to escape from the
house. The house had no fastenings on
the doors and every night a large num-
ber of tramps sought refuge in the
building and would fill up the stove
with coal and run a big fire all night.

NEW TREASURER
Selected by Council at Special Meeting Last
Night.

The city council met in special ses-
sion last night at 7 o'clock to elect a city
treasurer to succeed W. G. Reynolds,
resigned.
In the absence of the mayor,
Clerk McKinney called the meeting to
order and Councilman Goodale was
chosen mayor pro tem. In taking the
chair he stated that the meeting was
for the specific purpose of electing a
city treasurer.

Councilman Bergdoll placed in nomi-
nation Thomas J. Clark, who had been
agreed upon by the republicans in the
afternoon. No other nominations were
made.

The vote was taken by ballot which
showed nine votes for Clark. Council-
man Thompson had not yet arrived
when the vote was taken. Having
received the votes of all the council-
men present the chair declared T. J.
Clark elected treasurer of the city of
Seymour.

The council engaged for a short time
in an informal talk of the bond to be
filed by the treasurer-elect. On mo-
tion it was decided that he should fill
his bond at his earliest convenience
and put in the hands of the finance
committee which would call a special
meeting of the council to approve it in
accordance with the law.

A GOOD LETTER
From the Clerk of the Circuit Court.

FERNANDINA, Fla., Feb. 28, 1896
Mr. J. GEORGE SCHREER, Druggist, City.

Dear George.—Please send for a
bottle of Chamberlain's Cough Remedy.

I would not feel easy if I knew there
was none of this valuable Remedy in
the house. I have given it a fair test
and consider it one of the very best
remedies for croup that I have ever
found. One dose has always been suf-
ficient although I use it freely. Any
cold my children contract yields very
readily to this medicine. I can con-
scientiously recommend it for croup
and colds in children.

Yours Respectfully, GEO. E. WOLFE.

Spotters.
"Spotters" are said to be at work
on the Louisville division of the Penn-
sylvania lines. How long they have
been riding on that division is not
known. The officials of the road say
they have no knowledge of "spotters"
having been employed, but it is under-
stood that they were put on by orders
from Pittsburg, and no one except the
officers knew of it.

Mr. Ward L. Smith, of Frederick-
town, Mo., was troubled with chronic
diarrhoea for over thirty year. He has
become fully satisfied that if it was only
a question of a short time until he
would have to give up. He had been
treated by some of the best physicians
in Europe and America but got no per-
manent relief. One day he picked up a
newspaper and chanced to read an ad-
vertisement of Chamberlain's Colic,
Cholera and Diarrhoea Remedy. He
got a bottle of it, the first dose helped
him and its continued use cured him.

Sunday Trains.
The National Farmers' Congress re-
cently in session in Indianapolis, in
which several from Jackson county
took part, passed the following resolu-
tions:

Whereas, the congress did itself the
honor to place itself on record at its ses-
sion at Parkersburg, W. Va., two years
ago, as being in favor of Sunday observ-
ance, by voting almost unanimously in
favor of giving Sunday rest to our faith-
ful railroad men, therefore be it

Resolved, at this time, that we as a
National Congress of Farmers, reaffirm
that position and in this manner thro-
w the weight of our influence towards
arousing a public sentiment that will
eventually do away with Sunday trains
not actually necessary.

The bill introduced by Senator
Schneck a few days ago is in harmony
with the above resolution.
